

Culturally Affirming Shared Leadership (CASL)

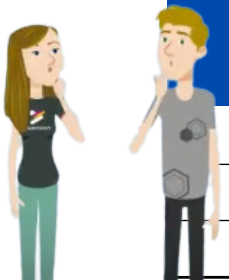

Thank you for attending our session. As we share information with you, we ask that you use this handout to reflect on your program's current and possible practices.

How are we currently preparing our school counselor trainees to engage in leadership?

What are your current practices teaching students how to collect, analyze, and discuss data with attention to disparities between cultures? AND What are some thoughts about the next steps you/your program can intentionally engage in?

What processes are in place for faculty to assess curriculum and program practices related to anti-racist and culturally affirming pedagogy and leadership?

How can you/your program collaborate with K-12 administration training programs?

What are 2-3 immediate steps you can take toward preparing students to engage in culturally affirming shared leadership?
